

Remington Power Redline RPDH90 Commercial Dehumidifier

Description

The Remington Power RPDH90 Dehumidifier has an extraction capacity of 90L/day. This machine helps to save time and money and improves air quality and protects moisture sensitive materials. This 1270W industrial dehumidifier is ideal for extracting moisture from flooded rooms, damp environments, and on construction sites.

Features

- Large capacity: 90 liters per 24 hrs
 - Manual or automatic operation (hydrostat)
 - Pump the water up to 5m high.
 - Rotary compressor
 - Robust metal casing
-
- Large, shockproof PE wheels and convenient handle for easy movement on uneven terrain
 - Evacuation via an inlet of 160 mm
 - Suction pipe (available separately) allows targeted drying of very humid areas
 - Removable and reusable air filter
 - Digital display and timer for easy use Removable metal handle
 - Built-in pump with 5 m load height: ideal for cellars and excavations
 - Can stay active thanks to the evacuation pump (Not limited by tank capacity)
 - Automatic defrost option
 - Voltage 230V
 - Power motor 1270W
 - Air displacement 850m³/h
 - Capacity 90L/24h
 - Operating temperature 5-40°C
 - Control range humidity 35-95%
 - Pump Capacity 85W
 - Elevation height of pump Up to 5m
 - Noise level 66 dB(A)
 - 4m Refrigerant R410A
 - Draining 1/2" hose with quick connector
 - Quiet operation - only 66dBA
 - Ecological coolant R410At
 - Weight 48.5kg
 - Dimensions (b x d x h) 555 x 590 x 1060 mm
 - **Benefits;**
 - Save time: faster drying of timber, paint and concrete, especially in damp environments
 - Money saving: Shorter waiting times on your job sites
 - Allows faster application of paints, parquet and other flooring without the risk of residual moisture
 - Avoids moisture and mold problems
 - Optimal results when used in combination with a mobile fan
